Cayman Islands

-Quick Facts-

The territory comprises the three islands of Grand Cayman, Cayman Brac and Little Cayman, A British Overseas Territory.

Grand Cayman Island is the largest of the three islands.

Whether you are looking for complete relaxation, exquisite dining, exciting nightlife or the awesome underwater sights of our oh-so-accessible reefs, we have something for everyone in Grand Cayman.

On the west side you will find the famous Seven Mile Beach, the crescent-shaped natural wonder with boundless capacity for relaxation. With sand stretching as far as the eye can see, Seven Mile Beach is often rated as one of the most beautiful beaches in all the Caribbean - and the least populated

The Islands have more registered businesses than people. The latest population estimate of the Cayman Islands is about 56,000 as of mid-2011, representing a mix of more than 100 nationalities.

The capital of the Cayman Islands is George Town, on the southwest coast of Grand Cayman

The islands are almost exclusively Christian, with large numbers of Presbyterians and Catholics

The Cayman Islands have a tropical marine climate, with a wet season of warm, rainy summers (May to October) and a dry season of relatively cool winters (November to April).

The islands lie in the northwest of the Caribbean Sea, east of Quintana Roo, Mexico and the Yucatan Mexico, south of Cuba and west of Jamaica. They are situated about 700 km (430 mi) south of Miami, 1,366 km (227 mi) south of Cuba, and about 500 km (310 mi) northwest of Jamaica.

The islands print their own currency, the Cayman Islands Dollar (KYD), which is pegged to the U.S. dollar at a fixed rate of 1 KYD = 1.25 USD.

One of Grand Cayman's main attractions is Seven Mile Beach, site of a number of the island's hotels and resorts. Named one of the Ultimate Beaches by Caribbean Travel and Life, It is a public property and possible to walk the full length of the beach, past all the hotels, resorts, and public beach bars

All three islands offer scuba diving, and the Cayman Islands are home to several snorkeling locations, where tourists can swim with stingrays. Grand Cayman Stingray City is a top attraction and originally started in the 1980s, when divers started feeding squid to stingrays. The stingrays started to associate the sound of the boat motors with food, and thus visit this area year round
