# SECTION I      Entries and Withdrawals

## CHAPTER 1      Entries

### 1.      ATHLETE'S ELIGIBILITY

#### 1.1      GENERAL CONDITIONS

All athletes participating in a FIVB sanctioned beach volleyball event must:

- Hold the nationality of the country they represent, subject to the conditions set out in the FIVB Beach Volleyball Sports Regulations.
- Register with their respective NF. The National Federation which is the first to issue a license or register the player is considered to be the Federation of Origin regardless of the player's citizenship. For a Change of Federation of Origin, please refer to the FIVB Beach Volleyball Sports Regulations and contact the FIVB ([transfer@fivb.com](mailto:transfer@fivb.com)).
- Register with the FIVB through their respective NF.
- Upload in the VIS the Beach Volleyball Players' Participation Agreement at least thirty-five (35) days before the first event participation of the season. Beach Volleyball Players' Participation Agreements (one (1) per athlete) are then approved in the VIS system by the FIVB which allows online status verification. Failure to upload the signed commitment within the deadline shall prevent the athlete from taking part in an FIVB event. The Beach Volleyball Players' Participation Agreement is available on the FIVB website under the Forms section (<https://www.fivb.com/beach-volleyball/tools-and-forms/>).
- Upload in the VIS an annual health certificate (BVB/10 Form) to the FIVB at minimum thirty-five (35) days before the first event participation of the season. The annual health certificate is mandatory for all athletes that have signed the Beach Volleyball Players' Participation Agreement. The annual health certificate (BVB/10 Form) is available on the FIVB website under the Forms section (<https://www.fivb.com/beach-volleyball/tools-and-forms/>).
- Undertake the FIVB Anti-Doping education program "Play clean!" For further information, please access the FIVB online Anti-Doping education program at: <https://e-learning.fivb.com/access/login>
- Undertake the FIVB "Prevention of Competition Manipulation E-Course". For further information please access the FIVB Prevention of Competition

Manipulation E-Course at:

<https://www.fivb.com/en/development/manipulationcourse>

- Directly complete and modify their personal data (such as his/her exact measurements, address, bank account information, etc.) through the FIVB beach volleyball Web based application system (<https://app.fivb.com/>). Each athlete is provided with an individual username and password sent to his/her own e-mail address. In case a new athlete wants to register, his/her NF fills in the basic personal data of the athlete and his/her e-mail address. Athlete can modify his/her personal data (i.e. photo, personal data, physical data, Volleyball/Beach Volleyball Career, education, family, etc.) with an exception of the bank account information and team name, which have to remain the same for the duration of the season. (In case there is a need to change the bank account information during the season, the FIVB Finance Department must be informed in writing at [finance@fivb.com](mailto:finance@fivb.com) immediately after the change is made and no later than the next event participated.) The following fields: FIVB #, first name, last name, date of birth, passport number, nationality, gender and the team's name of each athlete may only be edited by the FIVB or by the NF concerned.
- Be entered in the FIVB/Volleyball World beach volleyball event(s) according to the specific regulations of the event concerned.
- Abide by the FIVB Regulatory Framework, namely the FIVB Constitution, the FIVB Regulations and the FIVB decisions (i.e. Board of Administration and/or World Congress) as well as the regulations contained in the present FIVB Beach Volleyball Sports Regulations.
- Not have outstanding sanction fees.
- Not be suspended by the FIVB for the competition period concerned.

## **1.2 ATHLETE'S PARTICIPATION**

Subject to meeting the relevant conditions [or applicable rules], freedom to play shall apply for all the FIVB/Volleyball World Beach Volleyball events including FIVB World Championships (Senior and Age Group) and Volleyball World Beach Pro Tour. This principle will also apply for other FIVB sanctioned tournaments.

## **1.3 ATHLETE PARTICIPATION RESTRICTION**

### **1.3.1 Volleyball World Beach Pro Tour**

## FIVB BEACH VOLLEYBALL SPORT OPERATIONS MANUAL

Following the FIVB Board of Administration decision on 1<sup>st</sup> March 2022, all Russian and Belarussian athletes are ineligible for participation in FIVB and continental beach volleyball competition until further notice.

### 1.3.2 National Tour

In case of a clash with the FIVB Beach Volleyball Senior World Championships and FIVB/Volleyball World Beach Pro Tour Elite/Challenge/Futures tournaments, athletes from the top 32 ranked teams per gender per the FIVB World Rankings at 35 days before an event, except the hosting country teams, cannot take part in such a National Tour leg unless authorized by the FIVB in writing.

### 1.3.3 Other FIVB Sanctioned Tournaments

In case of a clash with the FIVB Beach Volleyball Senior World Championships and FIVB/Volleyball World Beach Pro Tour Elite/Challenge/Futures tournaments, athletes from the top 32 ranked teams per gender per the FIVB World Rankings at 35 days before an event, except the hosting country teams, cannot take part in such a tournament unless authorized by the FIVB in writing.

## 1.4 REGULATIONS OF ORGANIZER'S VACANCY

The following policy will be implemented at the Volleyball World Beach Pro Tour.

National Federations that organize a Volleyball World Beach Pro Tour tournament will be granted one (1) vacancy in each tournament for the corresponding gender in the Qualification tournaments of Challenge/Futures if no team registered from that country qualifies in such tournament. The vacancy only applies to the same season as indicated below:

- NFs organizing an Elite or Challenge tournament: one (1) vacancy in Qualification tournament for all Challenge tournaments.
- NFs organizing a Futures tournament: one (1) vacancy in Qualification tournament for all Futures tournaments.

National Federations that already have a team in the tournament will not benefit from the above rule.

\* Note:

In case the National Federation organizes a single gender event, the vacancy described above shall only be awarded to events of the same gender.

By -35 days before the tournament, the National Federation concerned shall nominate the specific team for the above vacancy and communicate in writing the team name to the FIVB at [beachvolleyball@fivb.com](mailto:beachvolleyball@fivb.com). Otherwise, the vacancy will be awarded to the eligible team registered in the tournament with the most entry points.

After the announcement of Confirmed Entry List, should the above team withdraw from the tournament, the vacancy will not be maintained and the standard withdrawal procedure will apply, by picking up the next best ranked eligible team from the reserve list to the Qualification tournament. However, the vacancy will be kept in the case of change of a player.

## 2. ENTRY PROCEDURE

The FIVB is willing to accept the provisional enrolment of an athlete and upon the request of the athlete offer the right to be tentatively admitted into Beach Volleyball tournaments sanctioned by the FIVB and organised by an affiliated Promoter and/or by a National Federation and/or the FIVB/Volleyball World itself in any part of the world provided that the Beach Volleyball Players' Participation Agreement and the health certificate are duly signed by the Athlete concerned.

Once the aforementioned condition is agreed upon by all parties concerned, the National Federation (exclusively) is required to comply with the following procedures in order to tentatively register its Beach Volleyball teams in all FIVB sanctioned tournaments per the registration deadline for each tournament.

Deadlines concerning entries are calculated from the start of each event, i.e. Qualification Tournament of the Men or Women tournament concerned. In case there is no Qualification Tournament organised, then the deadlines are calculated from the start of the Main draw of Men or Women tournament concerned.

- Each National Federation is provided with an individual and secured user access (username and password) through its own e-mail address.
- After "Log in", the National Federation may select any team and register it in FIVB sanctioned tournaments by following this procedure:
  - Select first player;
  - Select his/her teammate;
  - Select any available tournament from the Calendar;
  - Confirm the entry of the team.

\* Note:

The first player selected will be automatically player #1 and the teammate selected will be player #2. Such numbers will be used for the tournament the team is registered including the jersey number, TV graphics, etc.

Each National Federation can change the above numbering until the day when the Confirmed Entry list is published (details see section 2.3 Confirmed Entry List).

- The team is automatically registered in the selected tournament database and is instantly included in the tentative list posted on the FIVB/Volleyball World website for each event. While this procedure allows the National Federations to directly control that their teams are correctly entered, it also gives them the opportunity to immediately contact the FIVB ([vis@fivb.com](mailto:vis@fivb.com)) in case a technical problem occurs.
- Each National Federation may directly enter new FIVB athletes as the computer instantly generates an FIVB # for the new player as well as a username and password.
- Athletes with pending sanctions are not allowed to enter in the FIVB sanctioned events until the related fine is duly paid to the FIVB.
- The entry deadline for each event is posted on the FIVB website at <https://app.fivb.com/>.
- Each National Federation and athlete will be responsible for checking the entry through the internet by consulting the tentative "Entry List" for each event.
- The Tentative Entry List is constantly updated on the FIVB/Volleyball World website and until the specific deadline can be amended by each participating National Federations.

Note:

In case a National Federation does not support (in writing) the entry of its player/team in an FIVB/Volleyball World event or in case an athlete encounters problems communicating with his/her National Federations in order to enter a tournament, the FIVB will then carefully evaluate, on a case by case basis, the eventual participation of this player/team in the FIVB competitions and decide whether or not to allow his or her participation in its sole discretion.

The player/team concerned must submit the request in writing to FIVB ([beachvolleyball@fivb.com](mailto:beachvolleyball@fivb.com)) no later than 35 days before the start to the event, in order to allow sufficient time of evaluation and coordination between FIVB and NFs concerned. Accordingly, the FIVB will evaluate the request and may require further information from the National Federations for their criteria, procedure and publications regarding the selection of national team members. The FIVB may not accept the request

if the player/team fails to submit in due time.

## **2.1 TENTATIVE ENTRY LIST**

Any eligible athletes/teams can be entered in the Tentative Entry List for an FIVB beach volleyball event through the Beach Volleyball Information System (VIS) until the deadline set out below:

- Volleyball World Beach Pro Tour (Elite/Challenge/Futures): - 35 days
- Volleyball World Beach Pro Tour The Finals: Monday after the last Elite event in the same season
- FIVB Beach Volleyball Senior World Championships: as per its Specific Competition Regulations
- FIVB Beach Volleyball U21 and U18 World Championships: - 35 days
- Olympic Games and Youth Olympic Games: as per its Specific Competition Regulations
- Other FIVB sanctioned tournaments. as per its Specific Competition Regulations

Teams can be registered/deleted or have its composition changed once an entry has been completed and until the deadline set out for the tentative entry list of a FIVB sanctioned Beach Volleyball event. After the entry deadline set out for the tentative entry list and before the deadline set out for the confirmed entry list, a team can still be deleted or have its composition changed for a FIVB sanctioned Beach Volleyball event. However, it is not possible to register any team after the tentative entry list.

It is not required to enter any teams through the VIS system for tournaments including Volleyball World Beach Pro Tour The Finals, Olympic Games, Youth Olympic Games, Commonwealth Games, etc., the FIVB will directly issue the confirmed entry list as per the set deadline.

## **2.2 LATE ENTRY**

Past the deadline for the tentative entry list, it is not allowed to enter a team in the event, unless regulations of late entry are implemented as per the specific competition regulation of respective tournament.

Late entry requests must be addressed to the FIVB in writing for FIVB evaluation until the confirmed entry list is issued and a USD 1,000 Late Entry Fee per team must be paid the FIVB via bank transfer.

Within the above deadline, FIVB reserves the right to evaluate and accept a late entry request on a case-by-case basis.

If the team is accepted, it will automatically be registered as last in the Reserve Team List and will always be the last teams to be picked up to fill the roster if applicable. If the roster of the Qualification Tournament is still incomplete after picking up all other teams in the Reserve Team List, the team of late entry will then be placed in the Qualification Tournament. If the Qualification Tournament is not applicable, the same principle as above will apply for the Main Draw should the case arise.

### **2.3 CONFIRMED ENTRY LIST**

The confirmed entry list will be issued following the deadline set out below:

- Volleyball World Beach Pro Tour (Elite/Challenge/Futures): - 28 days
- Volleyball World Beach Pro Tour The Finals: Monday after the last Elite event in the same season
- FIVB Beach Volleyball Senior World Championships: as per its Specific Competition Regulations
- FIVB Beach Volleyball U21 and U18 World Championships: - 28 days
- Olympic Games and Youth Olympic Games: as per its Specific Competition Regulations
- Other FIVB sanctioned tournaments. as per its Specific Competition Regulations

The FIVB is responsible for issuing the confirmed entry list of teams (as per the deadline above) with the Main Draw teams, Qualifications teams (if applicable) and the Reserve Team List (if applicable), on the FIVB/Volleyball World website, together with the approved specific competition regulation.

#### *Notes:*

- Any delays with respect to the procedure's deadlines are, in principle, caused by the organiser's non-compliance of major contractual obligations. The FIVB will inform the parties concerned via the FIVB website should the Confirmed Entry List not be issued in due time as per the deadlines above.
- If a date falls on a weekend or a holiday, the next working day is considered the deadline.
- The deadlines are calculated from the start of the Qualification Tournament of the event. If the Qualification Tournament is not played, the deadlines are calculated from the start of the Main Draw of the event.

## 2.4 ENTRIES TO THE TOURNAMENTS HELD IN THE SAME WEEK AT VOLLEYBALL WORLD BEACH PRO TOUR

During the Volleyball World Beach Pro Tour, it is possible that multiple tournaments are scheduled in the same week. Accordingly, an athlete can register for a maximum of two (2) Volleyball World Beach Pro Tour tournaments held in the same week, provided that such two tournaments are in different event categories. For clarification, an athlete can register for one Beach Pro Tour Elite and one Futures tournament held in the same week, however, it is not allowed to register for two (2) Beach Pro Tour Futures tournaments held in the same week. In case an athlete registers for more than two (2) tournaments held in the same week, the two (2) entries from the highest tournament categories will be kept while any additional registration will be removed. If the above procedure is not applicable, the FIVB has the full authority to remove additional entries at its discretion and keep the registration at a maximum of two (2) tournaments.

Once the confirmed entry list is issued as per the respective deadline of the tournament, the athlete concerned will have twenty-four (24) hours to inform the FIVB in writing via its affiliated National Federation, to confirm which event his/her entry will be kept. Failure to send the above confirmation will result in the FIVB having the full authority to remove the additional entry as per the principles below.

- If entries are granted for the Main Draw of both tournaments, the entry at the tournament with the higher event category will be kept, while the other entry will be removed.
- If entries are granted for the Main Draw of one event and the Qualification event, the Main Draw entry (regardless of event category) will be kept, while the other entry will be removed. For example, a Main Draw entry in a Futures event will be kept while the entry in the Qualification tournament of a Challenge will be removed.
- If entries are granted for the Qualification Tournament of both tournaments, the entry at the tournament with the higher event category will be kept, while the other entry will be removed.
- If entries are granted for the Main Draw of one tournament and the Reserve team list of the other tournament, the Main Draw entry (regardless of event category) will be kept and the Reserve team list entry will be removed. For example, entry into the Main Draw at a Futures will be kept while the entry into the Reserve team list at a Elite will be removed.

- If entries are granted for the Qualification Tournament of one tournament and the Reserve team list of another tournament, the Qualification entry (regardless of the event category) will be kept and the Reserve team list entry will be removed. For example, the entry into the Qualification at a Futures will be kept while the entry into the Reserve team list at a Challenge will be removed.
- If the above procedure is not applicable, the FIVB has the full authority to remove the additional entry at its discretion and keep the registration of one (1) tournament, taking into consideration the geographic, travel and/or other possible factor(s) of the athlete concerned.

### 2.5 COUNTRY QUOTA

In principle, no restrictions of country quota are applied to the Volleyball World Beach Pro Tour tournaments, with exceptions for Futures tournaments and The Finals. The details of country quota regulations implemented at Volleyball World Beach Pro Tour is as follows:

- Volleyball World Beach Pro Tour The Finals: maximum two (2) teams from the same NF including any eventual wild cards in the confirmed entry list;
- Volleyball World Beach Pro Tour Elite: no limit of country quota until further notice.
- Volleyball World Beach Pro Tour Challenge: no limit of country quota until further notice.
- Volleyball World Beach Pro Tour Futures: maximum four (4) teams excluding any eventual wild cards from the same NF in the confirmed entry list.

#### *Notes:*

- For Volleyball World Beach Pro Tour Futures tournaments, a maximum of three (3) teams from the host country, excluding wild cards, may enter the Main Draw tournament directly despite insufficient ranking points calculated at their entry to the tournament. The fourth (4<sup>th</sup>) team from the host country may enter the Qualification Tournament if it has enough ranking points calculated at its entry to the tournament. Otherwise, the team will be placed in the reserve list.
- For Volleyball World Beach Pro Tour Futures tournaments, two (2) more host teams will be registered outside the limit of country quota and will be listed as the host reserve teams to fill the roster of the Qualification Tournament in case of contingency case such as 'force majeure', which may cause last minute

withdrawals prior to the start of the Qualification Tournament. They will be picked up in sequence as per their ranking points calculated at their entry to the tournament. If teams are tied in ranking points, the host NF shall confirm in writing latest by -28 days which teams will be picked up in priority.

- For Volleyball World Beach Pro Tour Futures tournaments, a maximum of two (2) teams from each foreign country, excluding wild cards, may enter the Main Draw tournament directly should the teams have sufficient ranking points calculated at their entry to the tournament. The remaining teams from the foreign country may enter the Qualification Tournament if it has enough ranking points calculated at its entry to the tournament. Otherwise, the teams will be placed in the reserve list.
- All other foreign teams and host teams outside the above-mentioned country quota will be placed at the bottom of the reserve list and will be the last to be picked up. The following order is applied to pick up teams from the reserve list. Firstly, teams within country quota in the reserve list, then followed by two (2) teams in the host reserve list. The maximum quota place per National Federations will always be respected while the withdrawal may happen prior to the start of the tournament.
- However, should the Qualification tournament roster not be full, and no other teams (respecting the country quota of 4 in total) in the reserve team list are available, the 5th and eventually the 6th host teams who are placed in the host reserve list will be picked up to fill the roster of the Qualification tournament. Should the above efforts be explored, and the Qualification tournament is still not full, then any eventual teams (over the total country quota respectively for foreign teams and host teams, excluding wild cards) will be picked up to fill the roster, respecting the priority of the teams' entry points.

For FIVB Beach Volleyball Senior World Championships, a maximum of 4 teams per gender per NF excluding wild cards for the foreign teams and maximum 6 teams per gender excluding wild cards for host teams excluding wild cards can participate in the confirmed entry list.

For FIVB Beach Volleyball U21 and U18 World Championships, in principle one (1) team, including wild cards, from the same NF can participate in the Main Draw as per the confirmed entry list, while a second team may participate in the Qualification Tournament if approved by the FIVB.

For other FIVB sanctioned beach volleyball tournaments, the regulations of country quota will be stipulated in its specific competition regulations.

### 3. WILD CARD

For the Volleyball World Beach Pro Tour, the quota of wild cards allocated to each tournament is as following:

<b>Tournament</b>	<b>Maximum number of Wild Card Per Gender</b>
The Finals	Two (2) decided by FIVB/Volleyball World
Elite	Main Draw: One (1) decided by FIVB/Volleyball World
	Qualification: Two (2) decided by FIVB/Volleyball World
Challenge	Main Draw: Two (2) decided by FIVB/Volleyball World
	Qualification: Two (2) decided by FIVB/Volleyball World
Futures	Main Draw: Two (2) decided by FIVB/Volleyball World
	Qualification: Two (2) decided by FIVB/Volleyball World

- NFs must submit a filled out BVB/02 Form to the FIVB by the specific entry deadline (in principle -35 days) for the Volleyball World Beach Pro Tour tournament concerned (including The Finals/Elite/Challenge/Futures). Any requests for wild cards received after the entry deadline will not be taken into consideration.
- In principle, Wild Card allocations are at the discretion of the FIVB/Volleyball World. The FIVB/Volleyball World will take into consideration the promotional aspects, technical merits, athletes' career, satisfactory technical/status of the team, etc. to evaluate the requests following the recommendation of the organizer concerned. There is no guarantee the host country is entitled to receive any wild card should they fail to meet above criteria.
- Wild cards are announced through the confirmed entry list issued by the FIVB for the Volleyball World Beach Pro Tour tournament concerned.
- The Wild Card is not transferrable if there is a disbanding of the team or withdrawal of the team. However, considering 'force majeure' or injury of one or both athletes, as exception, the Wild Card may be transferred at FIVB's discretion due to the new team' merits.
- In the case the team receiving a Wild Card, moves to the Main Draw (or Qualification tournament) in its capacity of entry points (and respecting country quota if any), due to the withdrawal of teams from such tournament, the Wild

Card is not transferrable to a new team. However, in such case, the allocation of the Wild Card will not be counted towards the maximum number a team is entitled in the same season or Olympic Qualification period.

- In principle, an athlete can receive a maximum of 2 Wild Cards, irrespective if for the Main Draw or the Qualification Tournament during one season, which is not part of Olympic Qualification period. Such quota of 2 Wild Cards per season doesn't count any eventual Wild Card as host country team.
- In principle, an athlete can receive a maximum of 2 Wild Cards during the Olympic Qualification period, irrespective if for the Main Draw or the Qualification Tournament. During the Olympic Qualification period, the FIVB does its utmost not to allocate Wild Cards to teams that will benefit from this to qualify for the Olympic Games to create a fair condition for teams with potential to qualify to the Olympic Games through the Volleyball World Beach Pro Tour. Should any additional Wild Cards be requested for an athlete who already received 2 Wild Cards, the FIVB then reserves the right to further evaluate this demand based on promotional purposes and to decide accordingly. Such quota of 2 Wild Cards per Olympic Qualification period doesn't count any eventual Wild Card as host country team.
- In case any Main Draw wild card is not issued for a Volleyball World Beach Pro Tour tournament, the next eligible team from the Entry List, either in the Qualification Tournament team list or Reserve Team list (only if the Qualification Tournament is not organized), will be picked up, based on ranking points calculated at the entry to the tournament (respecting country quota regulations). Should two (2) Wild Cards not be issued (in the case of Challenge tournament), then the next two eligible teams will move to the Main Draw as per the above procedure.

For FIVB Beach Volleyball Senior World Championships, there are three (3) wild cards allocated to each gender, unless otherwise regulated in its specific competition regulations.

For FIVB Beach Volleyball U21 and U18 World Championships, there is one (1) wild card each allocated to Main Draw as well as to Qualification tournament per gender, unless otherwise regulated in its specific competition regulations. The winning team of the U18 World Championships can be considered one (1) wild card in the Main Draw tournament of the upcoming edition of U21 World Championships.

For other FIVB sanctioned beach volleyball tournaments, if the wild cards are

applicable, the wild card regulations will be stipulated in its specific competition regulations.

Should the team not have enough entry points for the Qualification Tournament, the team will be placed accordingly in the reserve list.
- Following the withdrawal request, the next highest ranked eligible team in the Qualification tournament list as per entry points calculated at the date of the confirmed entry list, will be picked up to replace the withdrawal team and

accordingly the seeding list, pool composition as well as the match schedule will be updated accordingly.

- Team/athlete shall not withdraw from a Volleyball World Beach Pro Tour tournament (Finals/Elite/Challenge/Futures) to participate in another beach volleyball tournament and/or activities of any categories (national or zonal or regional or continental or any other tournament similar in nature) scheduled during the same competition period, unless otherwise approved by the FIVB/Volleyball World.
- The list of reserve teams is constantly updated until the Preliminary Inquiry of the Volleyball World Beach Pro Tour Elite tournament. Reserve teams must be present at the Preliminary Inquiry and both players must sign in to register for the tournament to be considered for the potential inclusion in the event due to last-minute withdrawals or no shows.
- Should there be no reserve teams physically present at the Preliminary Inquiry and there are cases of last-minute withdrawals or no shows, the corresponding number of teams from the host country can be registered to fill the roster of Main Draw and participate. For clarity, this is not applied to the Qualification tournament should the roster not be complete and no reserve teams are physically present at the Preliminary Inquiry.
- If the withdrawal(s) of team(s), from the 12 teams directly in the Main Draw tournament of Volleyball World Beach Pro Tour Elite, occurs after the completion of Preliminary Inquiry of the Qualification Tournament when the Qualification match schedule has been developed and published, the regulations of the lucky loser draw shall be implemented to determine the extra team(s) qualifying to the Main Draw. The lucky loser draw regulation is as follows:
  - The lucky loser draw is conducted by the FIVB Technical Delegate assigned after the completion of the Preliminary Inquiry of Main Draw.
  - The lucky loser draw is implemented among the teams losing the last round of the Qualification Tournament, provided they attend and sign in at the Preliminary Inquiry of Main Draw tournament as eligible 'lucky losers'. For clarity, it is highly recommended but not mandatory that the eligible 'lucky losers' shall attend the Lucky Loser draw after physically signing in at the Preliminary Inquiry of Main Draw tournament.
  - The first draw is between the two highest seeded teams among the eligible 'lucky losers'.

- For each additional available spot to the Main Draw, the next highest seeded team must be drawn against the loser of the previous draw.
- This procedure continues until all additional open spots of the Main Draw are filled.

Furthermore, in the above case when the lucky loser draw is implemented, the same principle described above shall be respected to have the highest ranked team advanced from the Qualification tournament to fill the pool of highest seeded position (Late withdrawing Main Draw Team), and then 2<sup>nd</sup> highest ranked team advanced from the Qualification tournament to fill the pool of the 2<sup>nd</sup> highest seeded position, while having the lucky losers always placed at the bottom for the seed #16 (or seed #24), and if necessary seed #15, seed #14, etc (or seed #23, seed #22, etc.).

- If the withdrawal or 'change of athlete' request is for an athlete/team in the Qualification Tournament, the team shall have enough entry points to maintain their Qualification Tournament position, otherwise, the team shall be placed in the reserve team list. Should the new team have enough entry points to stay in the Qualification, it will be seeded as per the seeding points of the new team. However, if the team has enough entry points to enter Main Draw, the team will still remain in the Qualification Tournament in its original position as per the Confirmed Entry List (in all cases, including the scenario due to further withdrawal of 12 teams directly from Main Draw) and be seeded per the seeding points of the new team.

#### 4.1.2 Volleyball World Beach Pro Tour Challenge/Futures

- If the above case happens in other FIVB sanctioned tournaments including a continental/regional/zonal/national tournament/other activities, the FIVB will evaluate, on a case-by-case basis, any exceptional case for the exemption of the monetary fines that are caused by the last-minute withdrawal. To allow the

evaluation such case, the following documents must be provided to the FIVB no later than 3 working days after such case happens:

- Medical statement (in English) from the tournament doctor at the tournament concerned and acknowledged by the respective Technical Delegate onsite with signature.

  - Team video of the match concerned, if applicable.
  - Picture of the injury concerned, if applicable.
  - A copy of travel proof to go to the Volleyball World Beach Pro Tour tournaments that the athlete/team is registered.
- If the withdrawal or 'change of athlete' request is for an athlete/team in the Main Draw, the new team shall have enough entry points to maintain their Main Draw position and will be seeded accordingly as per its actual seeding points, otherwise, the team shall be placed in the Qualification Tournament. Should the team not have enough entry points for the Qualification Tournament, the team will be placed accordingly in the reserve list.
  - If the withdrawal(s) of team(s), in the Main Draw tournament of Volleyball World Beach Pro Tour Challenge/Futures, occurs after the completion of Preliminary Inquiry of the Qualification Tournament when the Qualification match schedule have been developed and published, the regulations of the lucky loser draw shall be implemented to determine the extra team(s) qualify to the Main Draw. The lucky loser draw regulation is as follows:
    - The lucky loser draw is conducted by the FIVB Technical Delegate assigned after the completion of the Preliminary Inquiry of Main Draw.
    - The lucky loser draw is implemented among the teams losing the last round of the Qualification Tournament, provided they attend and sign in at the Preliminary Inquiry of Main Draw tournament as eligible 'lucky losers'. For clarity, it is highly recommended but not mandatory that the eligible 'lucky losers' shall attend the Lucky Loser draw after physically signing in at the Preliminary Inquiry of the Main Draw tournament.
    - The first draw is between the two highest seeded teams among the eligible 'lucky losers'.
    - For each additional available spot to the Main Draw, the next highest seeded team must be drawn against the loser of the previous draw.

- This procedure continues until all additional open spots of the Main Draw are filled.

- If the withdrawal or 'change of athlete' request is for an athlete/team in the Qualification Tournament, the team shall have enough entry points to maintain their Qualification Tournament position, otherwise, the team shall be placed in the reserve team list. Should the new team have enough entry points to stay in the Qualification and will be seeded as per the seeding points of the new team. However, if the team has enough entry points to enter Main Draw, the team will still remain in the Qualification Tournament in its original position as per the Confirmed Entry List and be seeded per the seeding points of the new team.
  - If the withdrawal(s) of team(s) in the Qualification Tournament of the Volleyball World Beach Pro Tour Futures tournament, the next eligible team(s) in the reserve list shall be picked up. In case there are no eligible reserve team(s) physically present at the Preliminary Inquiry of the Qualification Tournament, the host reserve teams as in the confirmed entry list will be picked up and the priorities will be given to the team with highest ranking points calculated at the entry to the tournament. If there is a tie between the host reserve teams, a drawing of lots shall be conducted to determine the priority.
  - Team/athlete shall not withdraw from a Volleyball World Beach Pro Tour tournament (Finals/Elite/Challenge/Futures) to participate in another beach volleyball tournament and/or activities of any categories (national or zonal or regional or continental or any other tournament similar in nature) scheduled during the same competition period, unless otherwise approved by the FIVB/Volleyball World.

The athlete is required to prove the circumstance constituting the 'force majeure'.

**5.2 LATE ARRIVAL**

- There is a huge risk if the athlete/team fails to attend the Preliminary Inquiry in due time, upon the decision of the FIVB Technical Delegate assigned, teams that fail to attend the Preliminary Inquiry will be excluded from the tournament concerned.

## SECTION II COMPETITION REGULATIONS

### CHAPTER 3 FIVB Beach Volleyball Ranking Points

#### 6. DEFINITION

The FIVB Beach Volleyball ranking points provide an objective scale of values of all athletes participating in FIVB sanctioned events, on a merit basis. The higher the tournament ranking, the higher the points earned, and the higher the level of the event, the higher the points are awarded.

Each tournament shall be managed by the FIVB Volleyball Information System (VIS) through the FIVB, the confederations and National Federations. If the results of each FIVB sanctioned tournament are not uploaded through the VIS system on the last day of the event, the FIVB Beach Volleyball ranking points will not be allocated.

*Note:*

- No FIVB Beach Volleyball ranking points will be allocated to the Volleyball World Beach Pro Tour The Finals.
- Should there be a different competition format adopted to above events and thus results in a different scale of rank, the new breakdown of the FIVB Beach Volleyball ranking points shall be approved by the FIVB and will be published in the specific competition regulations of that event.
- Should there be early termination of tournament or tournament cancellation due to force majeure, the following principles will be respected:
  - If tournament has commenced with matches played and then has been terminated before the tournament is concluded, athletes will receive their ranking points

earned through the last completed round only, and the tournament will only count as a tournament played and will only count for Futures Entry points and/or Seeding points if such tournament is beneficial to the team.

## **8. CALCULATION OF RANKING POINTS FOR ENTRY AND SEEDING**

- Entry and Seeding Points are the FIVB Beach Volleyball ranking points earned at the best three (3) of the last four (4) Volleyball World Beach Pro Tour (Elite/Challenge/Futures) and FIVB Senior Beach Volleyball World Championships tournaments within the last 365-days period at the given date, for entry and for seeding purpose, prior to the start of an event.
- Entry and Seeding Points for a team are defined as the sum of the points of the two athletes that compose the team.
- The FIVB Beach Volleyball ranking points obtained at other FIVB sanctioned or homologated events outside the Volleyball World Beach Pro Tour (Elite/Challenge/Futures events) and FIVB Beach Volleyball senior World Championships will be counted in Entry points and Seeding Points only if they improve the athlete's standing.
- The FIVB Beach Volleyball ranking points obtained from the Volleyball World Beach Pro Tour Futures tournaments for the host country teams, will only be calculated for Entry Points and Seeding Points if they will be beneficial for the team (i.e. improve the teams' Entry Points and Seeding Points).
- For Volleyball World Beach Pro Tour Elite tournaments, the Entry Points of Main Draw tournament will be calculated -28 days prior to the start of the tournament, while the Seeding points of Main Draw will be calculated -14 days prior to the start of the tournament. The Entry Points of the Qualification tournament will be calculated -28 days prior to the start of the tournament, while the Seeding Points of the Qualification tournament will be calculated on the day of the preliminary inquiry (-1 day).
- For Volleyball World Beach Pro Tour Challenge and Futures tournaments, the Entry Points will be calculated -28 days prior to the start of the tournament. The Seeding Points will be calculated on the day of the preliminary inquiry (-1 day).
- For FIVB Beach Volleyball senior World Championships, the Entry Points and Seeding Points will be calculated at the given date, as per the specific competition regulations of that event.

- For FIVB Beach Volleyball U21 and U18 World Championships, the Entry Points and Seeding Points will be calculated at the given date, as per the specific competition regulations of that event.
- For Olympic Games and Youth Olympic Games, the Entry points and Seeding Points will be established as per the specific competition regulations and other legal framework stipulated by the IOC and FIVB.
- For other FIVB sanctioned tournaments, the Entry points and Seeding Points will be established as per the specific competition regulations of that event.
- Should there be a tie on the Entry points and/or Seeding Points, the following procedure will be applied to break the tie:
  - First tie break is athlete Technical points, which are the sum of ranking points earned at the Volleyball World Beach Pro Tour tournaments, FIVB Beach Volleyball senior World Championships, and FIVB sanctioned or homologated Beach Volleyball tournaments over a 365-day period from the date the ranking points are awarded.
  - If the tie still exists a drawing of lots will be conducted to determine the entry ranking and/or seeding.

### **9. CALCULATION OF RANKING POINTS DUE TO MATERNITY LEAVE**

- To benefit from maternity leave points, the athlete concerned shall return within two (2) years from the birth of the child.
- To apply for an athlete entry points calculation due to maternity leave, the athlete concerned must submit to the FIVB at [beachvolleyball@fivb.com](mailto:beachvolleyball@fivb.com) a birth certificate of the child and announce the next Volleyball World Beach Pro Tour or FIVB sanctioned tournaments the athlete plans to take part in a minimum of 35 days before said tournament.
- If an athlete returns to play within two (2) years from the birth of the child, 100% of her Entry Points obtained from the date of the birth within eighteen (18) months before the birth of the child shall be maintained. For clarity, the individual FIVB Entry Ranking of the athlete concerned, as per Monday after the last tournament played, will be maintained as the basis of reference to calculate her starting total when returning to the competition. Upon returning to the Volleyball World Beach Pro Tour and/or FIVB Beach Volleyball World Championships, her individual FIVB entry ranking points will be set as same amount of the corresponding ranking position as per Monday of the week that is -28 days before her first event she returns to play, and such entry ranking points will be set as the starting total.

- For an entry into subsequent tournament, the FIVB Beach Volleyball ranking points earned at the first tournament shall be added, but 1/3 shall be subtracted from the starting total. For each subsequent entry, the same rule applies. However, should the ranking points earned at the first tournament are less than 1/3 of the starting total, such result will not be taken into calculation and the 1/3 deduction will start from the second tournament after her return to play.
- After maximum four (4) tournaments, the starting total will be zero (0) and the FIVB Beach Volleyball ranking points earned at those tournaments will be her Entry points. The same rule applies for the seeding of the athlete concerned.
- Benefiting from maternity leave is applicable for one year after her return to play from maternity. Once the one-year period is over, no more benefits will be applied even though the athlete has not yet played maximum four (4) tournaments.

### **Example:**

Player A stopped playing in 2021 due to maternity leave and didn't compete in 2022 season. Her last tournament played was 2021 Itapema 4-star, and her individual FIVB Entry Ranking as per Monday after 2021 Itapema 4-star was 38<sup>th</sup> in the World.

Upon returning to the tour in 2023 at her first event in Doha Elite, her individual entry points will be set at the amount that would place her in the 38<sup>th</sup> position on the individual FIVB Entry Ranking as per Monday of the week that is -28 days before her first tournament in 2023 (Doha Elite). That being said, her individual entry points will be 1130 points.

Her finish in Doha Elite will be 17<sup>th</sup> place with 200 points, which is less than 1/3 of the starting total. Accordingly, such result from Doha Elite will not be taken into calculation and the 1/3 deduction will start from the second tournament after her return to play.

## **10. CALCULATION OF RANKING POINTS DUE TO SERIOUS INJURY**

- To benefit from serious injury, the athlete concerned shall return within two (2) years from the date the injury occurs.
- To apply for an athlete Entry points calculation due to a serious injury, the athlete shall submit to the FIVB at [beachvolleyball@fivb.com](mailto:beachvolleyball@fivb.com) a valid medical certificate and announce the next Volleyball World Beach Pro Tour or FIVB sanctioned tournaments the athlete plans to take part in a minimum of 35 days before said tournament.

- In case of serious injury, the athlete must provide a valid medical certificate and must not be able to play for a minimum of twelve (12) months. If an athlete returns to play within two (2) years from the date the injury occurs, 100% of his/her Entry Points shall be maintained. For clarity, the individual FIVB Entry Ranking of the athlete concerned, as per Monday after the last tournament played, will be maintained as the basis of reference to calculate his/her starting total when returning to the competition. Upon returning to the Volleyball World Beach Pro Tour and/or FIVB Beach Volleyball World Championships, his/her individual FIVB entry ranking points will be set as same amount of the corresponding ranking position as per Monday of the week that is -28 days before his/her first event he/she returns to play, and such entry ranking points will be set as the starting total. ..
- For entry into a subsequent tournament the FIVB Beach Volleyball ranking points earned at the first tournament shall be added, but 1/3 shall be subtracted from the starting total. For each subsequent entry, the same rule applies.
- After three (3) tournaments, the starting total will be zero (0) and the FIVB Beach Volleyball ranking points earned at those three (3) tournaments will be his/her athlete Entry points. The same rule applies for the Seeding of the athlete concerned.
- Benefiting from serious injury calculation is applicable for one (1) year after the return of the athlete from such injury. Once the one-year period is over, no more benefits will be applied even though the athlete has not yet played three (3) tournaments.

## CHAPTER 4 FIVB BEACH VOLLEYBALL WORLD RANKING

### 11. DEFINITION

The FIVB Beach Volleyball World Ranking is established on the FIVB Beach Volleyball ranking points earned at the eight (8) best performance as a team in all FIVB sanctioned or homologated beach volleyball tournaments over a 365-days period.

The FIVB Beach Volleyball World Ranking is updated very Monday after an FIVB sanctioned or homologated tournament granting FIVB Beach Volleyball ranking points.

The FIVB Beach Volleyball World Ranking is published on the FIVB/Volleyball World website and will be constantly updated.

## **12. TIE BREAKING PROCEDURE**

When two or more teams have the same sum of ranking points, tie shall be broken as follows:

- The most total points earned from the FIVB Senior World Championships, Volleyball World Beach Pro Tour Elite/Challenge tournaments that are part of eight (8) best performance as a team, and if still tied, then;
- The highest sum of two athlete's technical points, and if still tied, then;
- The highest number of points from one single tournament, then, if needed, the second highest, and so on;
- If the above methods can't break the ties, the two teams will then have the same FIVB Beach Volleyball World Ranking.

## SECTION III Competition

### CHAPTER 5 Competition Formats

FIVB/Volleyball World Beach Volleyball competitions are composed of a Main Draw Tournament and sometimes an additional Qualification Tournament.

Normally, the main draw competition format involves a Preliminary Phase and an Elimination Phase. The following FIVB/Volleyball World Beach Volleyball Competitions consist of either a Pool Play (Round Robin) format or a Modified Pool Play format in the Preliminary Phase followed by a Single Elimination Playoff in the Elimination Phase:

- Olympic Games (No Qualification Tournament)
- FIVB World Championships (No Qualification Tournament)
- Volleyball World Beach Pro Tour
  - Elite events
  - Challenge events
  - Futures events
  - The Finals (No Qualification Tournament)
- FIVB U18 World Championships
- FIVB U21 World Championships

Other approved FIVB Beach Volleyball competition formats will be specified in the Specific Competition Regulations of that event.

Qualification Tournaments involve only an Elimination Phase using a Single Elimination Playoff.

Since match times can vary greatly (for example, there usually are fast courts and slow courts), the FIVB Technical Delegate assigned, and the tournament competition director must always pay attention to the flow of the tournament and make the new assignments accordingly. Whenever the new assignments are required, which will replace the old assignments, the match schedule shall always be announced as early as possible and recommended to be no later than one (1) hour before the start of the next matches affected to allow the teams to have sufficient warm-ups and preparation. While an outside competition court may at times sit empty as teams are resting before their next match, the center court should however never be vacant, and the last match of the day must be scheduled on the center court. Efforts shall be made to allow 120 minutes, but as a minimum of 90 minutes should be allocated to allow teams to have sufficient rest time between two

consecutive matches, except under extreme circumstance and/or for live televised matches where the time between each match should not be less than 45 minutes.

**Note:** If a team withdraws due to an injury before or during a match or gets disqualified during a match it will earn 1 match point and will keep the sets and points earned up to that moment, but the sets and points against will be the maximum. For example, if a team wins the first set 21:19 and is injured and forfeits the match when they are losing the second set 4:6, this injured team would earn 1 match point with sets of 1:2 and rally points of 21:19, 4:21 and 0:15. In this example, the winning team would get 2 match points with sets of 2:1 and rally points of 19:21, 6:4, 0:0. In addition, its match result will be marked with “INJ/DSQ”.

If the injury occurs before the match begins, the match will be marked “INJ/DSQ” and the losing team will be awarded 1 match point with sets of 0:2 and rally points of 0:21, 0:21. In this case, the winning team will be awarded 2 match points with sets of 2:0 and rally points of 0:0, 0:0.

If a team withdraws without a valid reason before a match (e.g. no show) or during a match (e.g. refusal to continue) they will lose by forfeit 0-2 (0:21, 0:21) and will earn 0 match points. In addition, this match result will be marked with “DSQ”. The winning team will receive 2 match points with sets of 2:0 and rally points of 0:0, 0:0.

## CHAPTER 6 Seeding

In principle, the seeding, established from Seeding Points, is a pre-tournament ranking of participating teams based on the strength of their previous records usually from FIVB Ranking Points. In FIVB/Volleyball World Beach Volleyball Competitions, the seeding is used to establish the bracket in the Elimination Phase of a Qualification Tournament and the composition of the Pools (Round Robin Play or Modified Pool Play) in the Preliminary Phase of the Main Draw Tournament using a Serpentine System.

## CHAPTER 7 Specific Tournament Format

### 13. VOLLEYBALL WORLD BEACH PRO TOUR – ELITE

- **16-Team Main Draw Elite**

For the Main Draw of Elite tournament featuring 16 teams, the following format will be applied:

- Main Draw: 16-team pool play (4 pools of 4 teams following serpentine system)
- Qualification tournament: 16-team bracket played in single elimination to qualify 4 teams to the Main Draw.

## FIVB BEACH VOLLEYBALL SPORT OPERATIONS MANUAL

- Entry Points at -28 days: best 3 of last 4 events in 365 days
- Seeding Points at -14 days (for teams directly in the Main Draw) and day of the preliminary inquiry (in principle the day before, for teams in the Qualification tournament): best 3 of last 4 events in 365 days
- 14 Qualification teams enter directly with maximum two (2) wild cards allocation to complete the 16-team roster.
- 11 Main Draw teams, together with one (1) Main Draw wild card team (if applicable) enter directly to the Main Draw, plus 4 teams qualified from the Qualification tournament
- No country quota
- Seeding of the host country:
  - If the best ranked host team is among top 4 teams, then the team will be seed #1 in Pool A, if the best ranked host team is among 5 to 11 teams, then the team will be seed #4 in Pool D. Otherwise, such team will be seed #12 in Pool D. Other host country teams will be seeded naturally as per their Seeding Points.
  - The remaining host country teams will be seeded naturally as per their Seeding Points
  - Host country teams shall not be placed in the same pool, while this is possible for foreign teams. If the number of host country teams are equal or less than the number of pools in the tournament, each host country team shall be placed in a different pool respecting their natural seeding position. If there are more host country teams than the number of pools, then the natural seeding will stay in place with minimum one host country team in each pool. That being said, in Elite tournament, the 2<sup>nd</sup>, 3<sup>rd</sup>, and 4<sup>th</sup> (whenever applicable) host country team(s) will have their seed increased (for example from Seed #6 to Seed #7) until they are in different pool then the other host country team(s) should increasing the seed not work (or not be possible), then the seed is reduced (for example from Seed #12 to Seed #11) until the host country is in a different pool.
  - The relative seeding of the best four (4) host country teams must be respected and preserved after the host country teams have been placed in separate pools.

Example: As shown in the below diagram, 6 teams already in the Main Draw from the host country (including the wild cards) are: USA 1 (Seed #1), USA 2 (Seed #2), USA3 (Seed #5)7, USA4 (Seed #8), USA5 (Seed #10), USA6 (Seed #15). See below:

## FIVB BEACH VOLLEYBALL SPORT OPERATIONS MANUAL

goes to Pool D as seed #13, 2<sup>nd</sup> best ranked team advanced from the Qualification tournament goes to Pool C as seed #14, 3<sup>rd</sup> best goes to Pool B as seed #15 and 4<sup>th</sup> best goes to Pool A as seed#16.

- Four teams will play standard round robin system in the first phase. Every team will play the three other teams in their pool. The ranking of teams within their pools will be determined by the total number of match points, with the following points awarded per match to each team:

<b>Match won</b>	2 points
<b>Match lost</b>	1 point
<b>Match forfeited</b>	0 points (21-0; 21-0)

- In the case of a tie in the pools (match points) during the round robin, the following rules will apply:
  - Between two teams in the same pool:
    - The team with higher rally points ratio in the matches between all teams in the pool, is ranked higher.
    - If a tie still exists by rally points ratio, then the teams have the same position in ranking.
  - Between three teams in the same pool:
    - If three teams have a tie in the main points, then the teams are ranked by the rally points ratio in the matches between the three tied teams.
    - If a tie still exists then the tied teams are ranked by the rally points ratio between all teams in the pool.
    - If a tie still exists then the teams have the same position in the ranking.
  - Between four teams in the same pool:
    - The ranking is determined by the rally points ratio between all teams in the pool.
    - If a tie still exists then the teams have the same position in the ranking.
- In the case of a tie in the pools (match points) at the end of the round robin, the following rules will apply:
  - Between two teams in the same pool:

## FIVB BEACH VOLLEYBALL SPORT OPERATIONS MANUAL

- The team with higher rally points ratio in the matches between all teams in the pool, is ranked higher.
- If a tie still exists, then the winner of head-to-head match is ranked higher.
  
- Between three teams in the same pool:
  - Teams are ranked by the rally points ratios in the matches between the three tied teams.
  - If a tie still exists then the teams still tied are ranked by the rally points ratio between all teams in the pool.
  - If a tie still exists then the teams still tied are determined by the tournament seeding established at the tournament (the better seed of the tied teams ranked higher, i.e. seed 12 is ranked higher than 13).

- Main Draw playoff bracket (12 teams)

Note:

- Draw 1 is conducted between 2<sup>nd</sup> ranked teams from Pool A, B, C and D, while Draw 2 is conducted between 3<sup>rd</sup> ranked teams from Pool A, B, C and D, and the draw is conducted from top to bottom of the draw bracket, firstly Draw 1 followed by Draw 2.
- Teams from the same pool shall not meet in the round of 12 and quarterfinals.

▪ **24-Team Main Draw Elite**

- Main Draw: 24-team pool play (6 pools of 4 teams following serpentine system)
- Seeding Points at -14 days (for teams directly in the Main Draw) and day of the preliminary inquiry (in principle the day before, for teams in the Qualification tournament): best 3 of last 4 events in 365 days
- 15 Main Draw teams, together with one (1) Main Draw wild card team (if applicable) enter directly into the Main Draw, plus 8 teams qualified from the Qualification tournament
- No country quota
- Six (6) pools of four (4) teams will play (Round Robin system) in the Preliminary Round to determine 16 teams advancing to Single Elimination Playoffs.
- For the first phase of round robin pool play, 24 teams per gender will be placed into six (6) pools with four (4) teams each based on Seeding Points and will be placed per the serpentine principle. 15 Main Draw teams, together with 1 Main Draw wild card team (if applicable) enter directly to the Main Draw, will be distributed directly into Pool A to F following serpentine system, according to their ranking points calculated at -14 days before the start of the tournament.

First phase of Pool Play					
Pool A	Pool B	Pool C	Pool D	Pool E	Pool F
Seed #1	Seed #2	Seed #3	Seed #4	Seed #5	Seed #6
Seed #12	Seed #11	Seed #10	Seed #9	Seed #8	Seed #7
Seed #13	Seed #14	Seed #15	Seed #16	Seed #17	Seed #18
Seed #24	Seed #23	Seed #22	Seed #21	Seed #20	Seed #19

- Seeding of the host country teams:
- Seeding of the host country: the best host country team (Seeding points at -14 days) will be Seed 1 in Pool A if this host country team is naturally seeded among the top 6 teams, if the best host country team (Seeding points at -14 days) is naturally seeded among Seed 7 to Seed 15, then this host country team will be Seed 6 in Pool F. Otherwise, the best seeded host country team will be Seed 16 in Pool D.
- Other host country teams will be seeded naturally as per their Seeding points at -14 days.
- Host country teams shall not be placed in the same pool, while this is possible for foreign teams. If the number of host country teams are equal or less than the number of pools in the tournament, each host country team shall be placed in a different pool respecting their natural seeding position. If there are more host country teams than the number of pools, then the natural seeding will stay in place with minimum one host country team in each pool. That being said, in the Elite tournament, the 2nd, 3rd, 4th, 5th and 6th (whenever applicable) host country team(s) will have their seed increased (for example from Seed #15 to Seed #16) until they are in different pool then the other host country team(s) should increasing the seed not work (or not be possible), then the seed is reduced (for example from Seed #24 to Seed #23) until the host country is in a different pool.
- The relative seeding of the best six (6) host country teams must be respected and preserved after the host country teams have been placed in separate pools.

Example: As shown in the diagram below, 8 teams already in the Main Draw from the host country (including the wild cards) are: USA 1 (Seed #1), USA 2 (Seed #2), USA3 (Seed #5), USA4 (Seed #8), USA5 (Seed #11), USA6 (Seed #12), USA7 (Seed #14), USA8 (Seed #17) See below:

Pool A	Pool B	Pool C	Pool D	Pool E	Pool F
USA 1	USA 2	Seed #3	Seed #4	USA 3	Seed #6
USA 6	USA 5	Seed #10	Seed #9	USA 4	Seed #7
Seed #13	USA 7	Seed #15	Seed #16	USA 8	Seed #18
Seed #24	Seed #23	Seed #22	Seed #21	Seed #20	Seed #19

- The first two ranked teams from each pool, and the best two teams that rank third in their respective pools (first by match points, then by set ratio followed by rally

point ratio and lastly by tournament seeding), will advance automatically to the Playoffs. The four remaining third-ranked teams in each pool will play a two-match lucky loser round (3rd ranked vs. 6th ranked, while 4th ranked vs. 5th ranked); the two winning teams in the lucky loser round will also qualify for the Playoffs, making a total of 16 teams.

- The 4th ranked team of each pool will be ranked 19th place.
- Second phase: knock-out bracket (R16, QFs, SFs) in single elimination format
- The 8 teams qualified from the qualification tournament will automatically go to seed #17 to seed #24, following seeding points calculated the day before the start of the tournament and respecting the principles of seeding for Host Country teams, with best ranked team advanced from the Qualification tournament goes to Pool E as seed #17, 2<sup>nd</sup> best ranked team advanced from the Qualification tournament goes to Pool F as seed #18, 3<sup>rd</sup> best goes to Pool F as seed #19, 4<sup>th</sup> best goes to Pool E as seed #20, 5<sup>th</sup> best goes to Pool D seed #21, 6<sup>th</sup> best goes to Pool C seed #22, 7<sup>th</sup> best goes to Pool B seed #23 and 8<sup>th</sup> best goes to Pool A seed #24.

Based on the above-mentioned principles, the final seeding will be established as follows:					
Pool A	Pool B	Pool C	Pool D	Pool E	Pool F
USA 1	USA 2	Seed #3	Seed #4	USA 3	Seed #6
Seed #15	Seed #13	Seed #10	USA 4	Seed #9	Seed #7
Seed #16	USA 7	USA 5	Seed #18	USA 8	USA 6
Seed #24	Seed #23	Seed #22	Seed #21	Seed #20	Seed #19

Rules for Matches Played

- The match winner earns 2 match points, and the match loser earns 1 match point.

<b>Match won</b>	<b>2 points</b>
<b>Match lost</b>	<b>1 point</b>

- For all matches the final team ranking will be determined in accordance with the results of the matches (won or lost). For each match won the winning team will earn 2 match points, for each match lost the losing team will earn 1 match point and for each forfeited match the winning team will earn 2 match points while the forfeited team will have 0 points.
- All discontinued matches or matches not commenced are to be assessed by the TD to determine if the losing team is “DSQ” or “INJ/DSQ” and whether they will receive any match points.

- If a team withdraws due to an injury before or during a match or gets disqualified during a match it will earn 1 match point and will keep the sets and points earned up to that moment, but the sets and points against will be the maximum. For example, if a team wins the first set 21:19 and is injured and forfeits the match when they are losing the second set 4:6, this injured team would earn 1 match point with sets of 1:2 and rally points of 21:19, 4:21 and 0:15. In this example, the winning team would get 2 match points with sets of 2:1 and rally points of 19:21, 6:4, 0:0. In addition, its match result will be marked with “INJ/DSQ”.
- If the injury occurs before the match begins, the match will be marked “INJ/DSQ” and the losing team will be awarded 1 match point with sets of 0:2 and rally points of 0:21, 0:21. In this case, the winning team will be awarded 2 match points with sets of 2:0 and rally points of 0:0, 0:0.
- If a team withdraws without a valid reason before a match (e.g. no show) or during a match (e.g. refusal to continue) they will lose by forfeit 0-2 (0:21, 0:21) and will earn 0 match points. In addition, this match result will be marked with “DSQ”. The winning team will receive 2 match points with sets of 2:0 and rally points of 0:0, 0:0.
- If a team is disqualified during the pool play due to a positive doping test, it will lose all the matches in the pool (played or to be played) by forfeit (see above). It will receive no rank. All of the team’s matches in the Pool will be recorded as a forfeit for ranking purposes. (e.g. All winning teams receive - Sets 2:0 - Rally Points 0:0, 0:0).
- If a team is disqualified after the pool play (after the Drawing of Lots for single elimination phase) of the tournament due to a positive doping test, it will lose the last pool matches played by forfeit (see above). If the single elimination phase has already started and if they have not played yet they forfeit their match, and the opponent will be then moved to the next round. The final pool ranking will be maintained. If the team already played its match and won the match, the match result will not be changed, and this team will forfeit the next round. However, if a team is disqualified from the tournament due to a positive doping test after the conclusion of the drawing of lots (for the seeding of the single elimination phase) but before the commencement of the first match of the single elimination phase, they will be replaced in the draw directly by the next eligible team(s) eliminated from the tournament to be decided by FIVB/organizer. And the final pool ranking will be maintained. The disqualified team will receive no final ranking. It should be shown on the bottom of the final standing without rank and “DSQ”
- Four teams will play a standard round robin system in the first phase. Every team will play the three other teams in their pool. The ranking of teams within their pools will be determined by the total number of match points.

- In the case of a tie in the pools (match points) during the round robin, the following rules will apply:

Between two teams in the same pool:

- The team with the highest rally points ratio in the matches between all teams in the pool, is ranked higher.
- If a tie still exists by rally points ratio, then the teams have the same position in ranking.

Between three teams in the same pool:

- If three teams have a tie in the main points, then the teams are ranked by the rally points ratio in the matches between the three tied teams.
- If a tie still exists then the tied teams are ranked by the rally points ratio between all teams in the pool.
- If a tie still exists then the teams have the same position in the ranking.

Between four teams in the same pool:

- The ranking is determined by the rally points ratio between all teams in the pool.
- If a tie still exists then the teams have the same position in the ranking.

- In the case of a tie in the pools (match points) at the end of the round robin, the following rules will apply:

Between two teams in the same pool:

- The team with higher rally points ratio in the matches between all teams in the pool, is ranked higher.
- If a tie still exists, then the winner of head-to-head match is ranked higher.

Between three teams in the same pool:

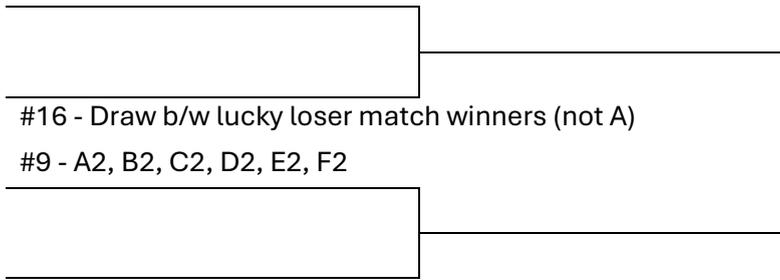

- Teams are ranked by the rally points ratios in the matches between the three tied teams.
- If a tie still exists then the teams still tied are ranked by the rally points ratio between all teams in the pool.

- If a tie still exists then the teams still tied are determined by the tournament seeding established at the tournament (the better seed of the tied teams ranked higher, i.e. Seed 12 is ranked higher than Seed 13).

**Single elimination phase – (Round of 16)**

After the preliminary phase teams will be placed in the Round of 16 as follows:

**#1 - 1st place pool A**

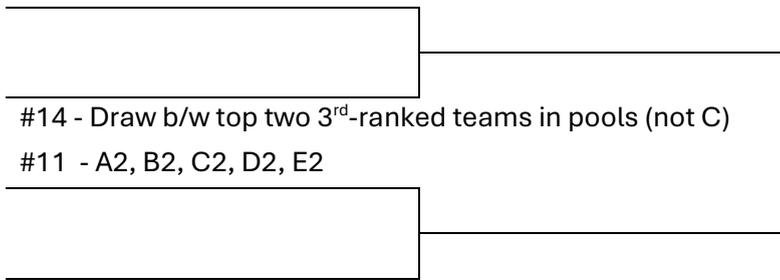

**#5 - 1st place pool E**

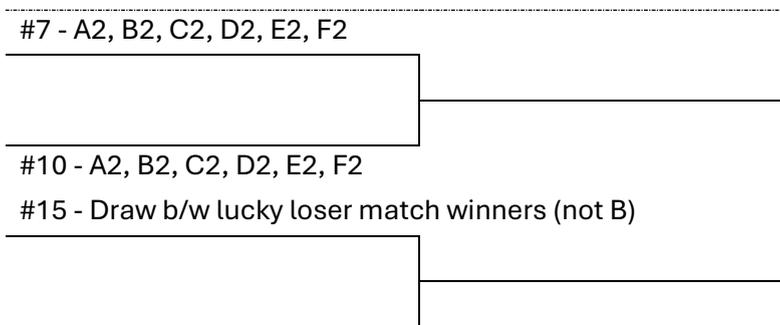

**#4 - 1st place pool D**

**#3 - 1st place pool C**

**#6 - 1st place pool F**

**#2 - 1st Place Pool B**

Bronze medal match	Gold medal match

**Note:**

Teams from the same pool cannot meet in the Round of 16. However, teams from same NF will be able to meet in the first round of 16.

- The top eight (8) host country teams (as per their seeding points) shall never be placed in the same pool. The 2<sup>nd</sup>, 3<sup>rd</sup>, 4<sup>th</sup>, 5<sup>th</sup>, 6<sup>th</sup>, 7<sup>th</sup> and 8<sup>th</sup> host country team(s) will have their seed increased (for example from Seed 5 to Seed 6) until they are in a different pool than the other top eight (8) host country teams. Should increasing the seed not work (or not be possible) then the seed is reduced (for example from Seed 32 to Seed 31) until such host country team is in a different pool. However, for 9<sup>th</sup>, 10<sup>th</sup> and any other eventual host country team(s), it is possible to be placed in the same pool with the top eight (8) host country teams. The relative seeding of the top 8 host country teams must be respected while this is not applicable for the 9<sup>th</sup>, 10<sup>th</sup> and any other eventual host country teams.

**Modified Pool Play**

## FIVB BEACH VOLLEYBALL SPORT OPERATIONS MANUAL

- For the Pool Phase, matches will be played in the modified pool play competition format i.e. the highest seeded team will play the lowest seeded team in the same pool, while the 2<sup>nd</sup> highest seeded team will play the 3<sup>rd</sup> highest seeded team in the same pool. The winners of the above two matches will play each other, with the winner being the 1<sup>st</sup> ranked team in the pool and the loser being the 2<sup>nd</sup> ranked team in the pool. The losers of the above two matches will play each other, with the winner being the 3<sup>rd</sup> ranked team in the pool and the loser being the 4<sup>th</sup> ranked team in the pool and eliminated from the Pool Phase.
- Seeding of the host country: the best host country team will be seeded #1 in Pool A if the team is among top 4 seeded teams, otherwise, it will be seeded #4 in Pool D. Other host country teams will have their natural seeding.
- The top four (4) host country teams (as per Seeding Points) shall never be placed in the same pool. The 2<sup>nd</sup>, 3<sup>rd</sup> and 4<sup>th</sup> host country team(s) will have their seed increased (for example from Seed #5 to Seed #6) until they are in a different pool than the other top four (4) host country teams. Should increasing the seed not work (or not be possible) then the seed is reduced (for example from Seed #16 to Seed 15) until such host country team is in a different pool. However, for 5<sup>th</sup>, 6<sup>th</sup> and any other eventual host country team(s), it is possible to be placed in the same pool with the top four (4) host country teams. The relative seeding of the top four (4) host country teams must be respected while this is not applicable for the 5<sup>th</sup>, 6<sup>th</sup> and any other eventual host country teams.

Example: As shown in the below diagram, 6 teams already in the Main Draw from the host country (including the wild cards) are: USA 1 (Seed #1), USA 2 (Seed #2), USA3 (Seed #5), USA4 (Seed #8), USA5 (Seed #10), USA6 (Seed #15). See below:

Pool A	Pool B	Pool C	Pool D
USA 1	USA 2	Seed #3	Seed #4
USA 4	USA 3	Seed #6	Seed #5
Seed #9	USA 5	Seed #11	Seed #12
Qualifier 4	Qualifier 3 (USA) 6	Qualifier 2	Qualifier 1

Based on the above mentioned principles, the final seeding will be established as follows:

Pool A	Pool B	Pool C	Pool D
USA 1	USA 2	Seed #3	Seed #4
Seed #11	Seed #9	Seed #6	Seed #5
Seed #12	USA 5	USA 3	USA 4
Qualifier 4	Qualifier 3 (USA) 6	Qualifier 2	Qualifier 1

- Top 3 teams in each pool qualify for the 12-team playoff
