**NORCECA BEACH WAVE-  
DAY 1**

# Punta Cana, DOM

Punta Cana es la tierra del descanso y la relajación; es el punto de encuentro del Atlántico y el Caribe, y en el que grandes complejos turísticos ofrecen todas las comodidades de la vida moderna al lado de la playa. Punta Cana es, además, un destino atractivo para el jugador de golf, ya que dispone de 11 campos ubicados a lo largo de la costa. / Punta Cana is the land of rest and relaxation. Where the Atlantic meets the Caribbean, large resorts offer all the comforts of modern living right on the beach. Punta Cana is a golfer's destination, with 11 courses located all along the strip.

**Punta Cana** es un cabo situado al este de la República Dominicana, en la provincia de La Altagracia. La zona de Punta Cana se

inicia al norte con la Playa de Arena Gorda, siguiendo después la famosa Playa Bávaro, Playa Ubero Alto, Playa Macao y la Playa de El Cortecito. Cuando se inicia la vuelta de la punta se encuentran las playas de Cabeza de Toro, Cabo Engaño, Punta Cana y Juanillo. El litoral de la zona de Punta Cana se extiende 50 km de costa. / **Punta Cana** is part of the Punta Cana-Bávaro-Veron-Macao municipal district, in the municipality of Higüey, in La Altagracia Province (the easternmost province of the Dominican Republic). The area has beaches and balnearios which

face both the Caribbean and Atlantic, and it has been a popular tourist destination since the 1970s. The name *Punta Cana* refers to the cane palms in the region, and literally means "Tip of the White Cane Palms". The Punta Cana area has an estimated population of 100,000, with a growth rate of six percent. To the north, it borders the village and beach of Cabeza de Toro, and then the Bávaro and El Cortecito beaches.

La parte de playa más extensa es la de Bávaro, considerado por el gobierno de República Dominicana como tesoro nacional por la riqueza de su flora y fauna y por las bellezas naturales que allí se aprecian. Las playas son de arena blanca y fina, y el mar de un suave color azul verdoso, sin alcanzar el turquesa de las playas caribeñas situadas más al sur. El mar presenta generalmente oleaje y la playa se hunde muy rápidamente en el mar. El agua siempre es transparente y abundan las algas en algunas áreas. / The most extensive part of the beach is Bávaro, considered for the government of Dominican Republic as national exchequer for the richness of his flora and fauna and the natural beauties that there they appreciate. The beaches are of white and thin sand, and the sea of blue greenish color , without reaching the turquoise of the Caribbean placed beaches more in the southern part. The sea presents generally surge and the beach sinks very rapidly in the sea. The water always is transparent and the algae abound in some areas.

El Aeropuerto Internacional de Punta Cana (PUJ) es el aeropuerto mejor conectado del Caribe y Centroamérica, con vuelos desde 26 países. Recibe el 64% de todos los vuelos que llegan al país, por lo que recibe más pasajeros que el Aeropuerto Internacional de Las Américas, situado en Santo Domingo a unas 3 horas de carretera de Punta Cana. Ahora su autopista recién estrenada puede llevar a los turistas en menos de una hora a las atracciones de La Romana, y en dos horas y media a Santo Domingo. / Punta Cana International Airport (PUJ) is the best-connected airport in the Caribbean and Central America, with flights from 26 countries. Now its brand new highway puts tourists less than an hour away from the attractions of La Romana, and two and a half hours from Santo Domingo.

Punta Cana es la promesa de encontrar arenas blancas y aguas color turquesa en este destino. / Punta Cana is the promise of white sands and turquoise-colored waters continues to be delivered here.
